Instock Hardware is part of

 **FRISCO**  
UK SALES LIMITED

## Eclipse Ultra: Specialist and Reduced Ligature Door Hardware

The Eclipse Ultra range has been developed and tested over several years, in partnership with specialist Engineers, Designers and Manufacturers. Each are experts in their field.

The result is an off the shelf solution for health care facilities and buildings that require reduced ligature and anti-barricade door hardware.

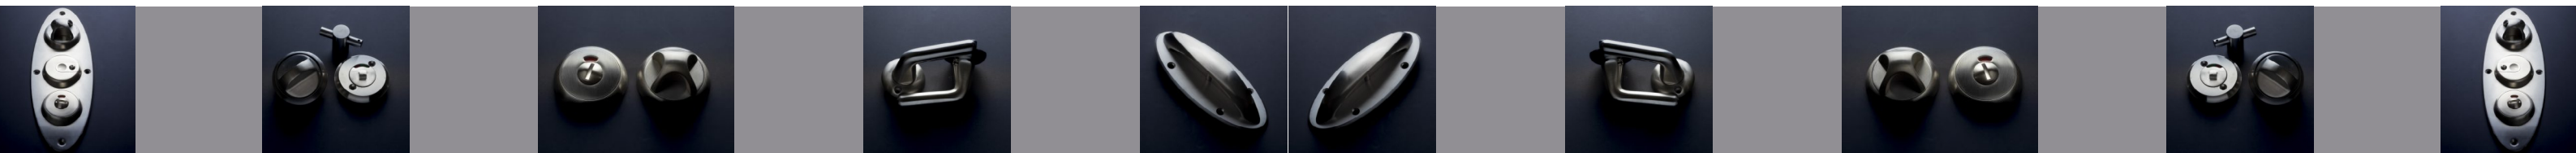

The range has pre-designed doorsets, supplied complete as a box set, with a suite of locking functions. Each doorset component is also individually available for bespoke sets, including the innovative Bowling Ball Knob Sets and **Patented** Anti-Barricade Europrofile Cylinder Kits.

Each doorset box contains the relevant UKCA, CE and Certifire lockcase, with intumescent where required.

**Simple Solutions..... in one box**

## Eclipse Ultra Bowling Ball Sets

The Eclipse Ultra Bowling Ball has been designed and tested with staff and users in mind.

The Registered Design has exceptional grip that allows the knob to turn and safely pull a door open. With its anti-slip surface it allows wet hands to operate without sliding off.

The concealed fixings lock securely to the door, so the Bowling Ball can also be used to pull the door.

It's shape and design is suitable for reduced ligature projects.

The robust design and manufacture make it suitable for Health Care, Schools, Airports, Custodial and Public buildings.

The bowling ball is supplied in a combination of tested door sets for latching doors, bathroom doors and as door pulls.

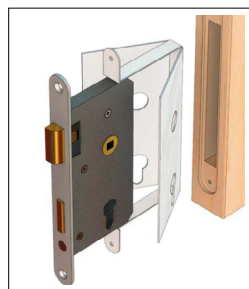

Wet Hand Grip

# Ultra Bowling Ball Cylinder Kit

Installation & fixing

For doorsets AX11, P1, P3, A6

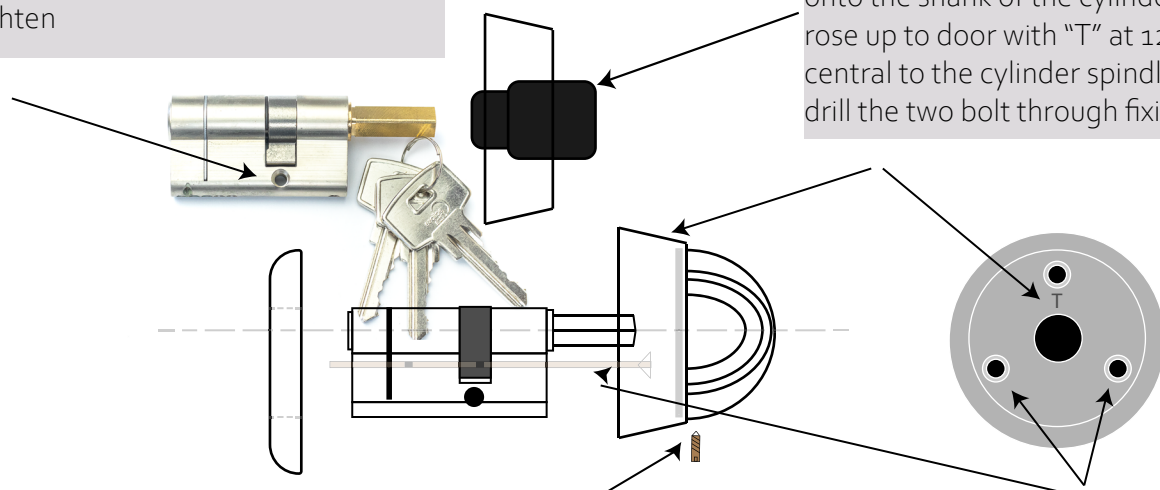

1. Fit the appropriate lockcase to the door as per the template, using the intumescent kit if required

2. Fit Euro Cylinder in to the lock case and retain using the cylinder retaining screw. Do not overtighten

3. Bowling Ball Inner Rose.

To accurately locate the inner rose, use the black bung. Insert the bung into the centre hole of the rose. Slide the bung onto the shank of the cylinder, offer the rose up to door with "T" at 12 o'clock and central to the cylinder spindle. Mark and drill the two bolt through fixing holes.

5. Assemble the bowling ball to the rose and euro cylinder shank. Once in position, tighten the grub retaining screw to secure the bowling ball to the cylinder spindle.

**Tighten until secure using an Allan key (6Nm to 10Nm) DO NOT OVERTIGHTEN.**

The high tensile steel grub screw will anchor securely to the spindle.

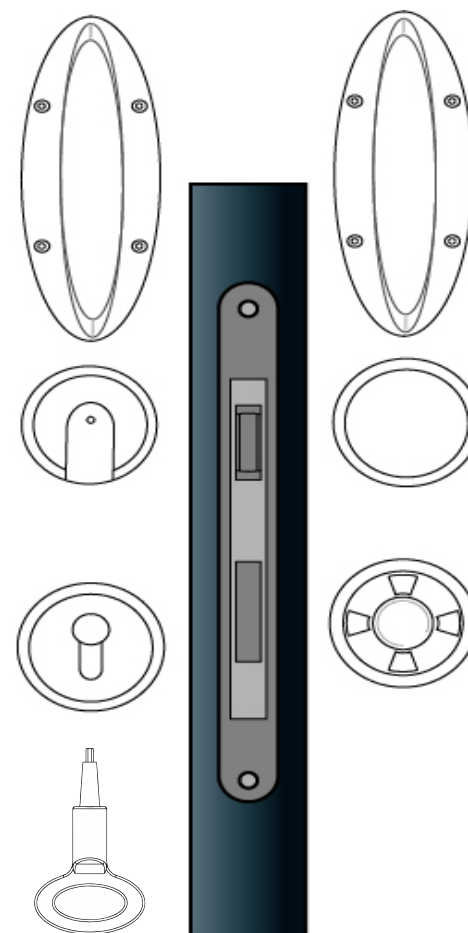

Test the bowling ball is secure and free to operate the cylinder, and the key operates the deadbolt.

**To Test Cylinder:**  
**Throw Bowling Ball**  
**Turn Bolt anti-clockwise to lock. Hold the turn.**  
**Insert key ALL THE WAY IN UNTIL IT CLICKS. Turn the key anti-clockwise to unlock.**

4. The Bolt Through fixings holes at 38mm Centres are for the two machine screws. Trim to length to screw through the bolt fix holes in the lockcase, into the threaded receivers on the euro escutcheon. Tighten and secure. Ensure rose and escutcheon are square to the door surface.

# AX11 Bedroom Door Set with Primary & Secondary Override

Installation & fixing

Fitting

1. Fit the lock case to the door as per the template, using the intumescent kit if required

2. Refer to Ultra Bowling Ball Cylinder Kit for installation & fixing.

3. Fix Pinch Grip Pull handles to the door to suit.

4. Override Cover - unlock the cover so the cover drops.

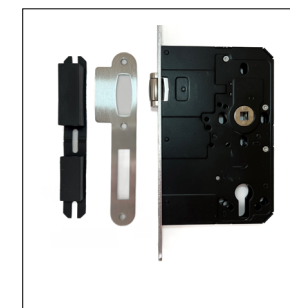

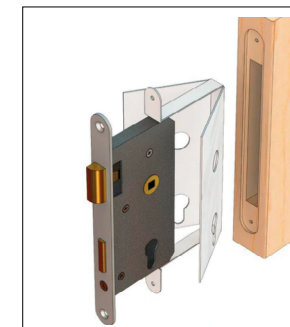

4a. Trim the two machine screws to suit the door thickness, allowing them to fix through the override escutcheon and into the rear of the blank/blind escutcheon on the room side.

4b. Test the override operation by locking the deadbolt with the turn or the key. Using the rescue key, insert all the way into the follower and turn anti-clockwise to unlock the deadbolt.

4c. Remove the rescue key and lock will be ready for normal operation.

4d. Push the override slide cover up and lock into position. **DO NOT OVERTIGHTEN the security screw.**

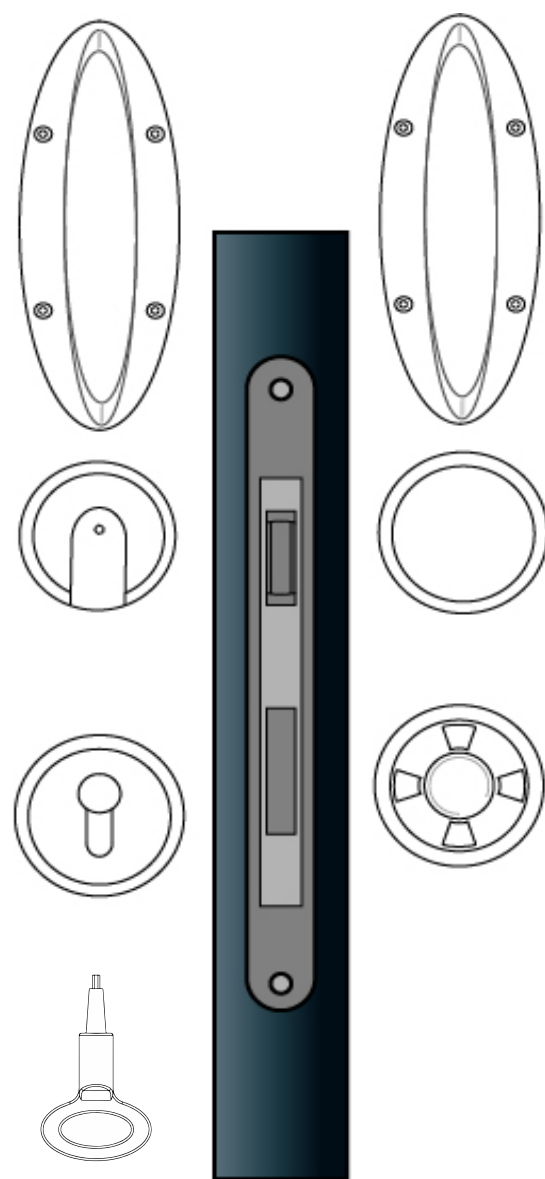

**To Test Second Entry -**  
**Lock door, turn clockwise & hold turn. Insert rescue key & unlock cover. Push key RIGHT THE WAY IN, turn anti-clockwise and bolt withdraws. Remove rescue key. Lock works normally.**

## AX11 Bedroom Door Set with Primary & Secondary Override

To suit 35mm/44mm/54mm/60mm doors (confirm size when ordering)

Scan for Demo Videos

### Application

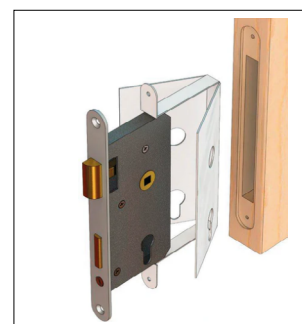

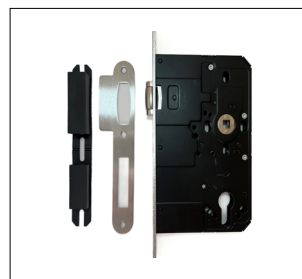

For rooms where an Emergency Secondary Override is required. The roller ball latch allows the door to be pushed/pulled. Internally the door can be locked for privacy with the bowling ball turn.

Key entry from the outside when the door is locked. Using our Eclipse Ultra Patented Override Cylinder will allow Primary override for staff if the turn is being held.

If Cylinder entry is not possible the Secondary override mechanism can be engaged using our Override Key, accessed behind the slide cover. The Secondary override independently withdraws the deadbolt without the need to overpower the person holding on to the turn. Once the door is unlocked and Primary or Secondary override have been used, the lock can be reset for normal day to day use.

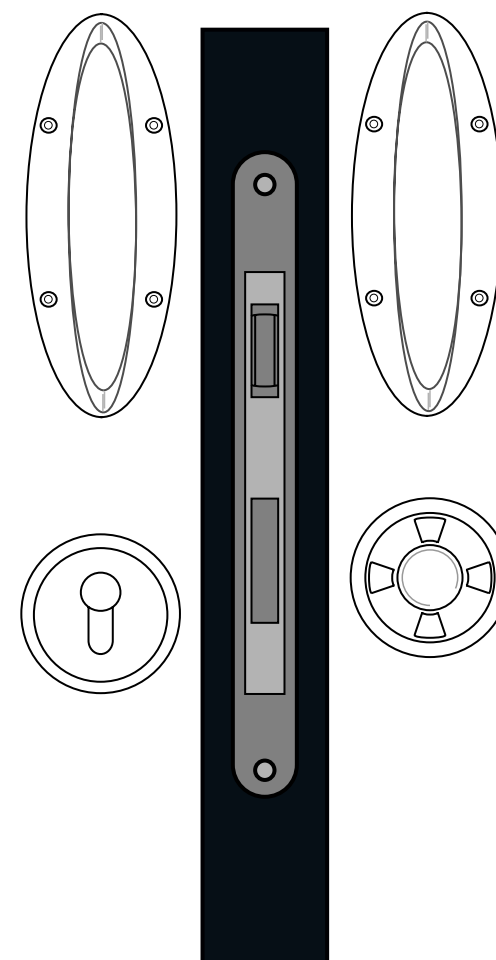

### What's in the box

- EUg168oABR-8o Euro Anti Barricade Lock EN12209, CE, EN179, UKCA, Certifire 80mm Backset Case
- INT8o DIN Lock Intumescent Kit for 80mm Backset Case
- Bowling Ball Cylinder Kit
- 34814 Pinch Grip Pull Handles x 2
- Slide Cover for Emergency Key
- Emergency Release Key
- Eclipse Override Euro Cylinder - NOT INCLUDED
- Various Suiting Options available

## P1 Bedroom Door Set with Primary Override

To suit 35mm/44mm/54mm/60mm doors (confirm size when ordering)

Scan for Demo Videos

### Application

Typically for bedroom doors where the deadbolt can be thrown from the inside of the room for privacy using the bowling ball turn.

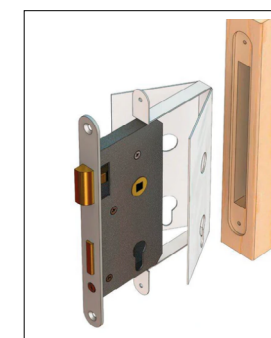

The roller latch in the lock allows the door to be pushed and pulled open when unlocked.

Key entry from the outside using our Eclipse Ultra Patented Override Cylinder which disengages the turn on the inside, if it is being held.

A useful doorset for some ensembles where staff can control the room and gain entry providing the Eclipse Ultra Patented Override cylinder is used.

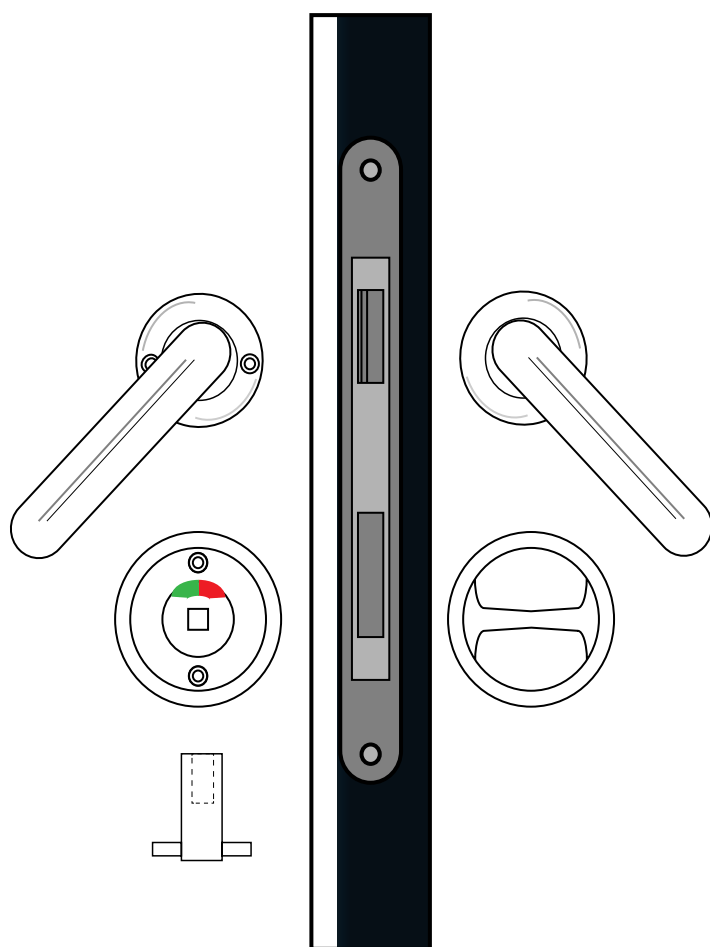

### What's in the box

- EUg168oDLR Rollerbolt Euro Deadlock EN12209, CE, UKCA, Certifire 80mm Backset Case
- INT8o DIN Lock Intumescent Kit for 80mm Backset Case
- 34814 Pinch Grip Pull Handle x 2
- Bowling Ball Cylinder Kit
- Eclipse Override Euro Cylinder - NOT INCLUDED
- Various Suiting Options available

## P2 Bathroom Door Set Primary Override with Levers

### Application

For bathroom doors with levers to both sides and privacy turn with indicator.

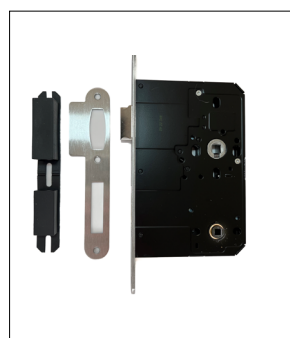

The deadbolt is thrown for privacy on the inside, changing the indicator from green to red on the outside. The emergency release key will override and withdraw the deadbolt if necessary.

The staff override key and integrated clutch in the turn allows staff to override resistance from the inside.

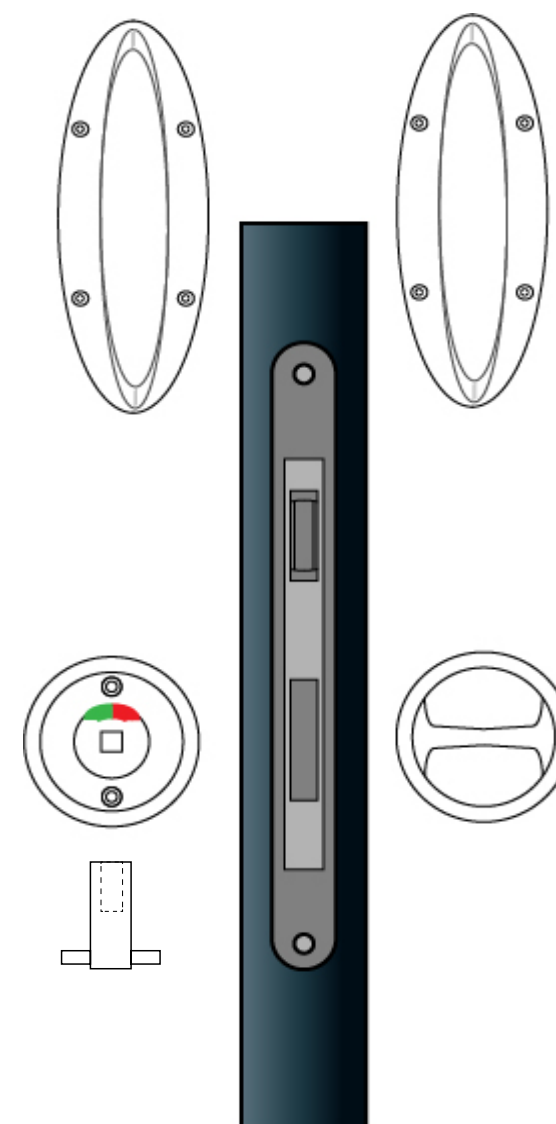

### What's in the box

- EU91380BL Bathroom Lock EN12209, CE, UKCA, Certifire 80mm Backset Case
- 34813 Eclipse Anti-ligature Lever Set SSS
- 34807 Eclipse Clutch Release Turn/Indicator
- 34807 Release key
- Optional 71413 DIN Bathroom lock EN12209, CE, UKCA, Certifire 60mm Square Backset Case
- Optional 71423 DIN Bathroom lock EN12209, CE, UKCA, Certifire 60mm Radius Backset Case
- Optional Fire kit available if necessary

Scan for Demo Videos

## P2R Bathroom Door Set Primary Override with Pinch Grips

### Application

For bathroom doors with Pinch Grip pull handles and privacy turn with indicator. The roller bolt bathroom lock latches the door in place.

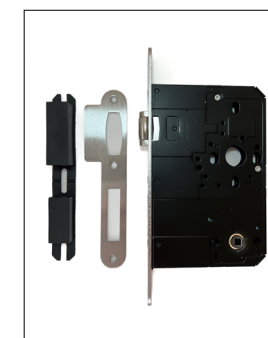

The deadbolt is thrown for privacy on the inside, changing the indicator from green to red on the outside. The emergency release key will override and withdraw the deadbolt if necessary.

The staff override key and integrated clutch in the turn allows staff to override resistance from the inside.

### What's in the box

- EU91380RL Roller Bolt Bathroom Lock EN12209, CE, UKCA, Certifire 80mm Backset Case
- 34814 Eclipse Pinch Grip Pull Handles x 2
- 34807 Eclipse Clutch Release Turn/Indicator
- 34807 Release key
- Optional Fire kit available if necessary

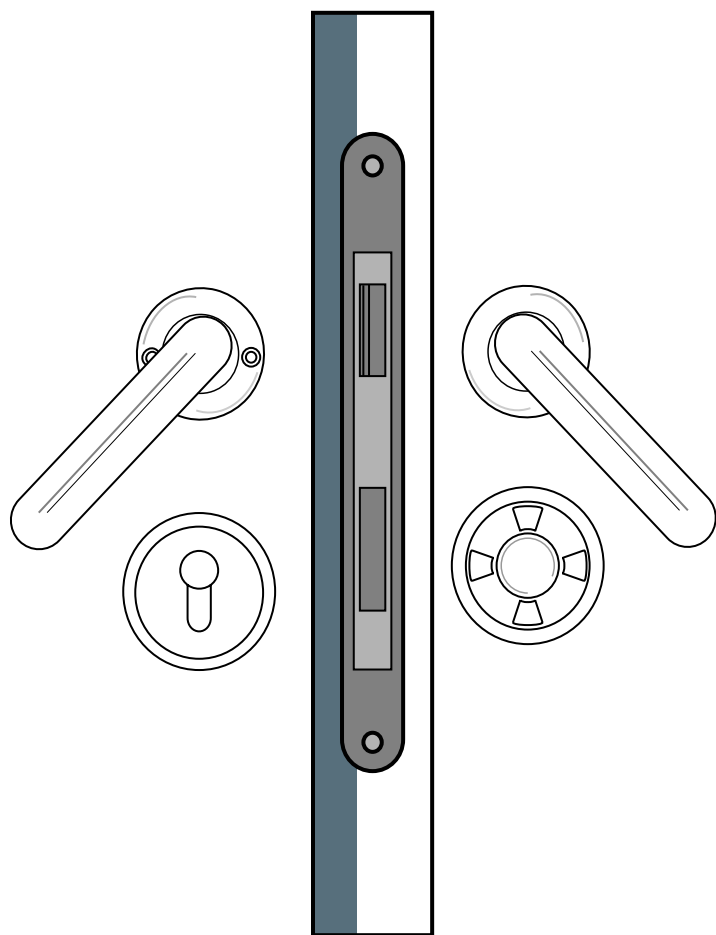

Scan for Demo Videos

## P3 Staff / Office Doors with Primary Override

To suit 35mm/44mm/54mm/60mm doors (confirm size when ordering)

### Application

Staff or office door where the deadbolt can be locked for privacy or security.

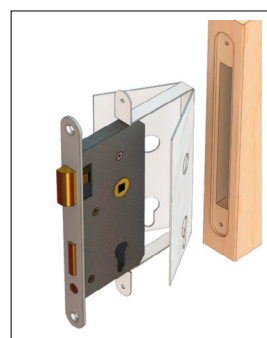

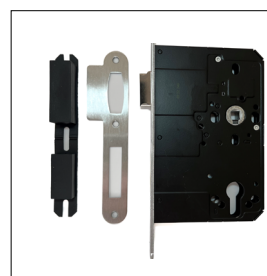

The latch operates with our Anti-ligature Lever Set. Key entry from the outside when the door is locked.

Using our Eclipse Ultra Patented Override Cylinder will allow Primary override for staff if the turn is being held.

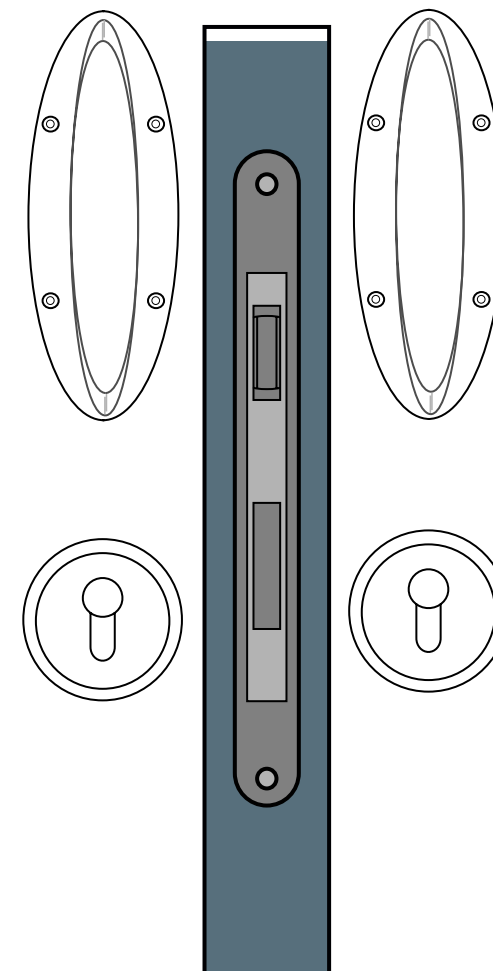

### What's in the box

- EUg1080SL Euro Sashlock EN12209, CE, UKCA, Certifire 80mm Backset Case
- INT80 DIN Lock Intumescent Kit for 80mm Case
- 34813 Eclipse Anti-ligature Lever Set SSS
- Bowling Ball Cylinder Kit
- Eclipse Override Euro Cylinder - NOT INCLUDED
- Various Suiting Options available
- Optional 71410 DIN Sashlock EN12209, CE, UKCA, Certifire 60mm Square Backset Case
- Optional 71420 DIN Sashlock EN12209, CE, UKCA, Certifire 60mm Radius Backset Case

Scan for Demo Videos

## P9 Circulation /Communal Doors

### Application

The door latches using a roller bolt and can be pushed or pulled open using the pinch grip handles on either side.

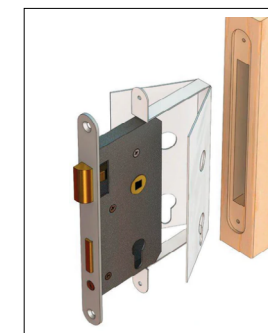

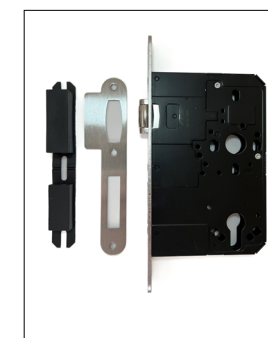

The euro deadlock allows the door to be locked when closed, with key entry from either side.

Typically used for communal areas, allowing staff to secure the area using the deadbolt.

### What's in the box

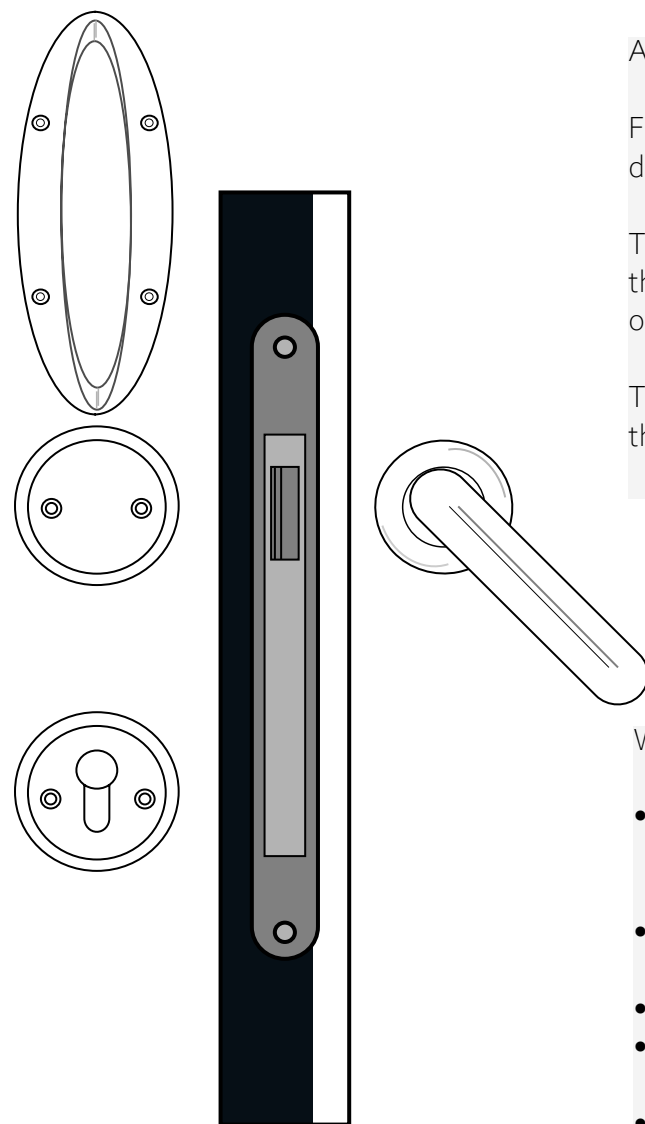

- EUg1680DLR Rollerbolt Euro Deadlock EN12209, CE, UKCA, Certifire 80mm Backset Case
- INT80 DIN Lock Intumescent Kit for 80mm Case
- 34814 Pinch Grip Pull Handle x 2
- 34804 Anti-ligature Escutcheon Set
- Optional Double Euro Cylinder - to Differ or Under Master Key

Scan for Demo Videos

## A5 Auto Locking Door for Medical & Safe Rooms

### Application

For cupboards and safe rooms. The door is slam locked shut.

The lever will operate the latch from the inside, with key entry only from the outside.

The addition of a pinch grip pull allows the door to be pulled closed.

### What's in the box

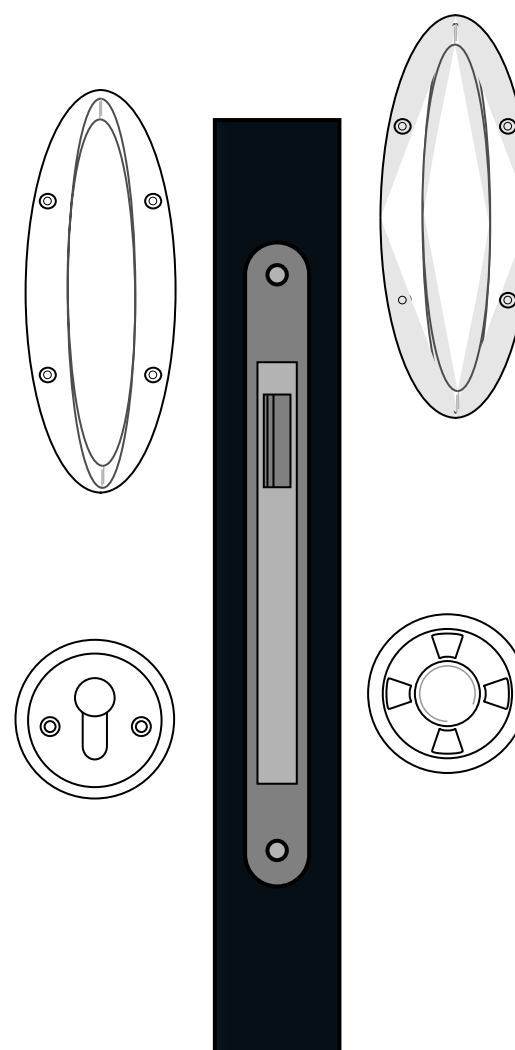

- EU81080 Euro Auto Lock EN12209, EN179, CE, UKCA, Certifire 80mm Backset Case
- INT80 DIN Lock Intumescent Kit for 80mm Case
- 34814 Pinch Grip Pull Handle x 1
- 34811 Anti-ligature Face Fix Escutcheon
- 34813H-F/half Half Set + Half Heso Spindle
- 34811Blind - Blank Escutcheon
- Optional Single Euro Cylinder - to Differ or Under Master Key
- Optional 71414 DIN Nightlatch EN12209, CE, UKCA, Certifire 60mm Square Backset Case
- Optional 71424 DIN Nightlatch EN12209, CE, UKCA, Certifire 60mm Radius Backset Case

Scan for Demo Videos

## A6 Auto Locking Door for Medical & Safe Rooms with Primary Override

To suit 35mm/44mm/54mm/60mm doors (confirm size when ordering)

### Application

For cupboards and safe rooms. The door is slam locked shut.

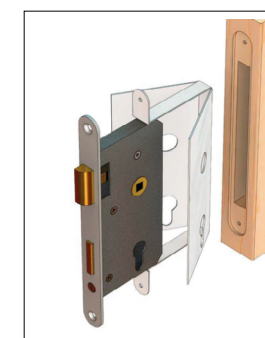

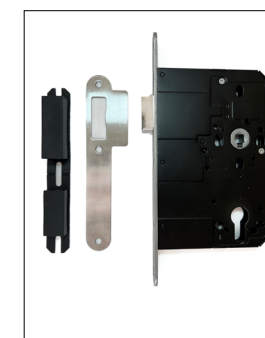

The bowling ball turn will operate the latch from the inside. Key entry from the outside using our Eclipse Ultra Patented Override Cylinder which disengages the turn on the inside, if it is being held.

The addition of a pinch grip pull allows the door to be pulled closed. A further pinch grip can be added inside the room if required.

### What's in the box

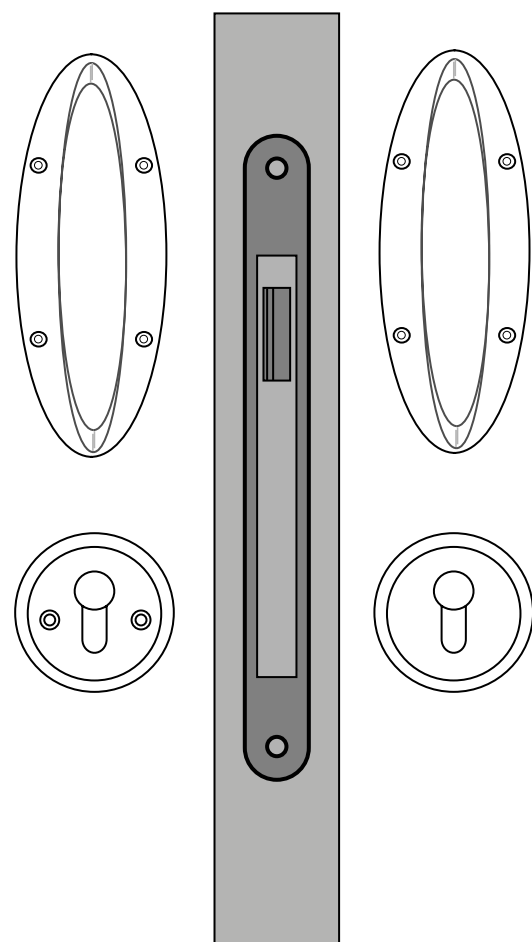

- EU81080 Euro Auto Lock EN12209, EN179, CE, UKCA, Certifire 80mm Backset Case
- INT80 DIN Lock Intumescent Kit for 80mm Case
- 34814 Pinch Grip Pull Handle x 1
- 34811 Anti-ligature Face Fix Escutcheon
- Bowling Ball Cylinder Kit
- Eclipse Override Euro Cylinder - NOT INCLUDED
- Various suiting options available
- Optional Additional Internal Pinch Grip Handle 34814
- Optional 71414 DIN Nightlatch EN12209, CE, UKCA, Certifire 60mm Square Backset Case
- Optional 71424 DIN Nightlatch EN12209, CE, UKCA, Certifire 60mm Radius Backset Case

Scan for Demo Videos

## A7 Auto Locking Door for Staff Rooms

### Application

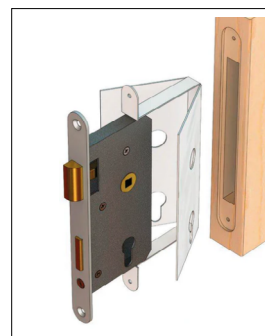

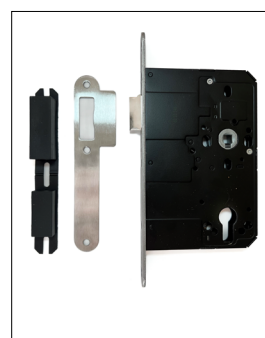

For staff rooms where security is required internally and externally. Once the door is shut key entry/exit is required.

The latch is operated by key from the corridor side of the door and from inside the room.

There is a pinch grip handle to both sides of the door.

### What's in the box

- EU81080 Euro Auto Lock EN12209, EN179, CE, UKCA, Certifire 80mm Backset Case
- INT80 DIN Lock Intumescent Kit for 80mm Case
- 34814 Pinch Grip Pull Handle x 2
- 34804 Anti-ligature Escutcheon Set
- Optional Double Euro Cylinder - to Differ or Under Master Key
- Optional 71414 DIN Nightlatch EN12209, CE, UKCA, Certifire 60mm Square Backset Case
- Optional 71424 DIN Nightlatch EN12209, CE, UKCA, Certifire 60mm Radius Backset Case

## Eclipse Ultra Bowling Ball Hardware Sets

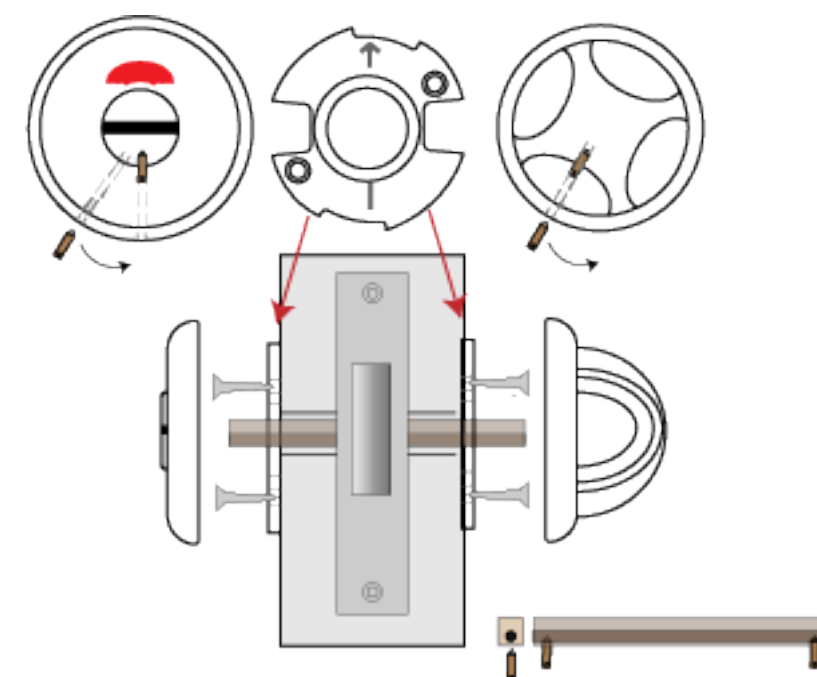

### BBSET 1 Bowling Ball Set to work with Box Latch

Pair of Diecast Knobs supplied with 8mm Heso type Spindle. Innovative locking fixing plate to secure the excellent grip and turning from our Registered Design Bowling Ball. Low profile shape with minimal protusion.

### BBSET 2 Bowling Ball Bathroom Indicator Set

Bathroom Turn & Indicator Set supplied with 8mm Heso type Spindle. Innovative locking fixing plate to secure the excellent grip and turning from our Registered Design Bowling Ball. Low profile shape with minimal protusion. Red/White Indicator and Coin Release.

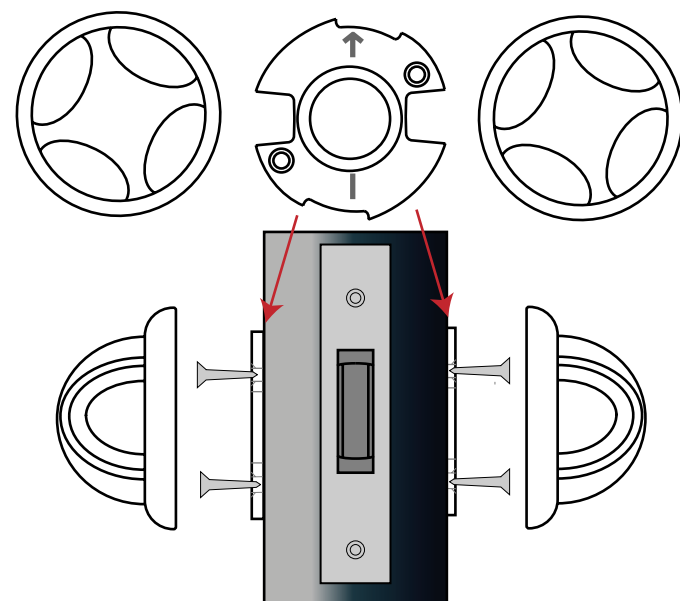

## Eclipse Ultra Bowling Ball Hardware Sets

### BBSET 3 Fixed Dead Bowling Ball Set

Simple set of Bowling Ball Knobs, fixed dead to both sides of the door.

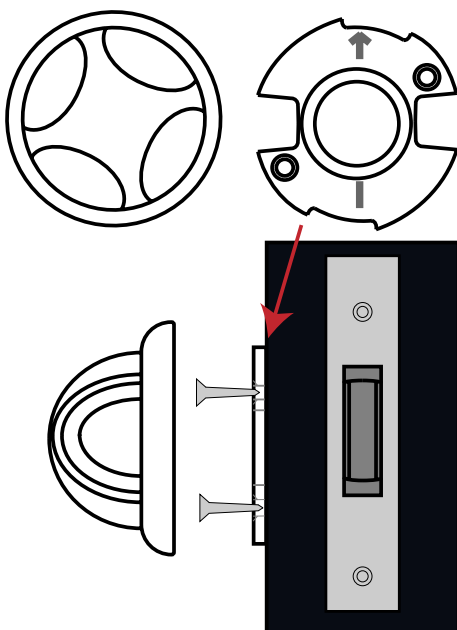

Innovative locking fixing plate to secure the excellent grip and turning from our Registered Design Bowling Ball. Low profile shape with minimal protusion.

### BBSET 4 Fixed Dead Bowling Ball

Bowling Ball Knob, fixed dead to one side of the door. Suitable for cupboard doors, medical cabinets and cages.

Innovative locking fixing plate to secure the excellent grip and turning from our Registered Design Bowling Ball. Low profile shape with minimal protusion.

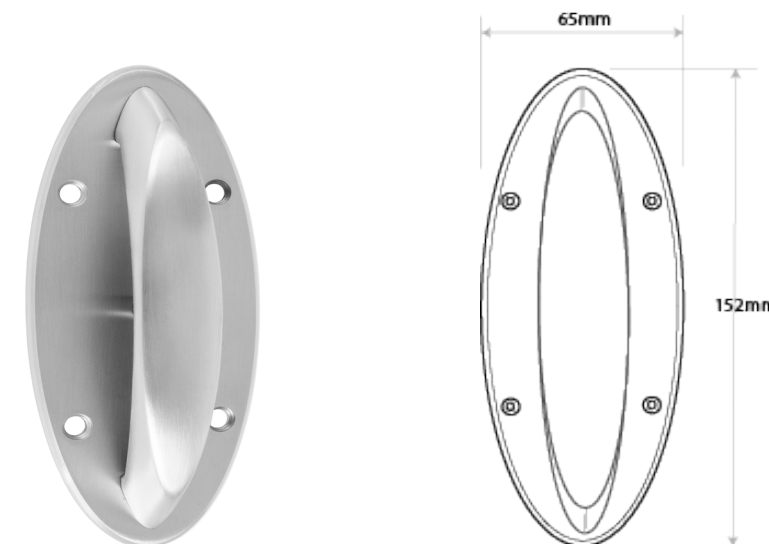

## Components List

### 34814 Pinch Grip Pull Handle 34814FP Matching Finger Plate

Solid Stainless Steel Grade 304 with an Anti-Slip Pinch Grip Design. Textured and angled for secure grip. Plate size 152mm x 65mm x 3mm with Bevelled edge. Discreet non-institutional size. Suitable for Doors and Cupboards with Face Fix Torx Security Wood Screws.

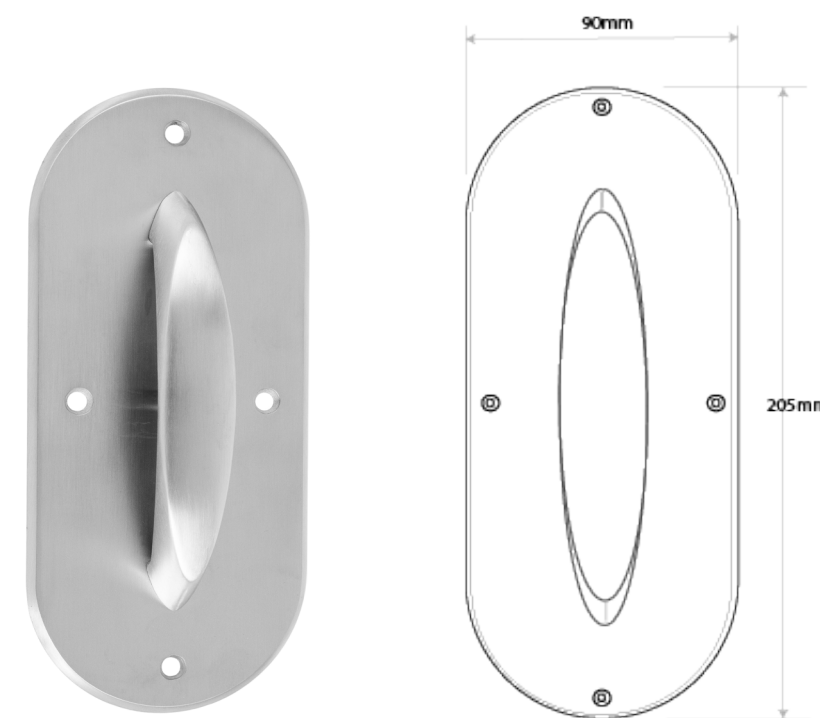

Options for Back to Back fixings on request.

### 34814L Large Pinch Grip Pull Handle 34814LFP Matching Large Finger Plate

Solid Stainless Steel Grade 304 with an Anti-Slip Pinch Grip Design. Textured and angled for secure grip. Larger Plate size 205mm x 90mm x 3mm with Bevelled edge. Suitable for Retrofit Doors with Face Fix Torx Security Wood Screws.

Options for Back to Back fixings on request.

## Components List

### 34813 Short Lever Set

Solid Stainless Steel Grade 304 Unsprung Levers  
50mm x 10mm Diameter Rose  
38mm Bolt Through Centres  
8mm Spindles for 44mm to 60mm Doors  
Supplied with Torx Bolt Through fixings

Option:  
Components for half sets to operate with Auto Locks and Mortice Nightlatches

34813H-F Rear Bolt Fix Half Lever  
34811BLIND Face Fix 38mm c/c Escutcheon  
34807 Fixings - Pair of Torx Bolt Thru Fixings

38413H-M Face Fix Half Lever  
34812BLIND Rear Fix 38mm c/c Escutcheon  
34807 Fixings - Pair of Torx Bolt Thru Fixings

288-44 Half Spindle to Operate 44mm door  
288-54 Half Spindle to Operate 54mm door

## Components List

### EU Bowling Ball Turn Kits with Anti-Barricade Cylinder

Anti-Barricade Euro Cylinder Turn Kit using the innovative Bowling Ball Design. Specifically designed for use with our Patented Override Cylinder supplied with Bolt Thru fixings for 38mm Centres.

EUBBTURNKIT35 - 35mm Doors (with EUSLEEVE)  
EUBBTURNKIT44 - 44mm Doors  
EUBBTURNKIT54 - 54mm Doors  
EUBBTURNKIT60 - 60mm Doors

EUSLEEVE - conversion sleeve to adapt the bowling turn kit for 35mm thick doors

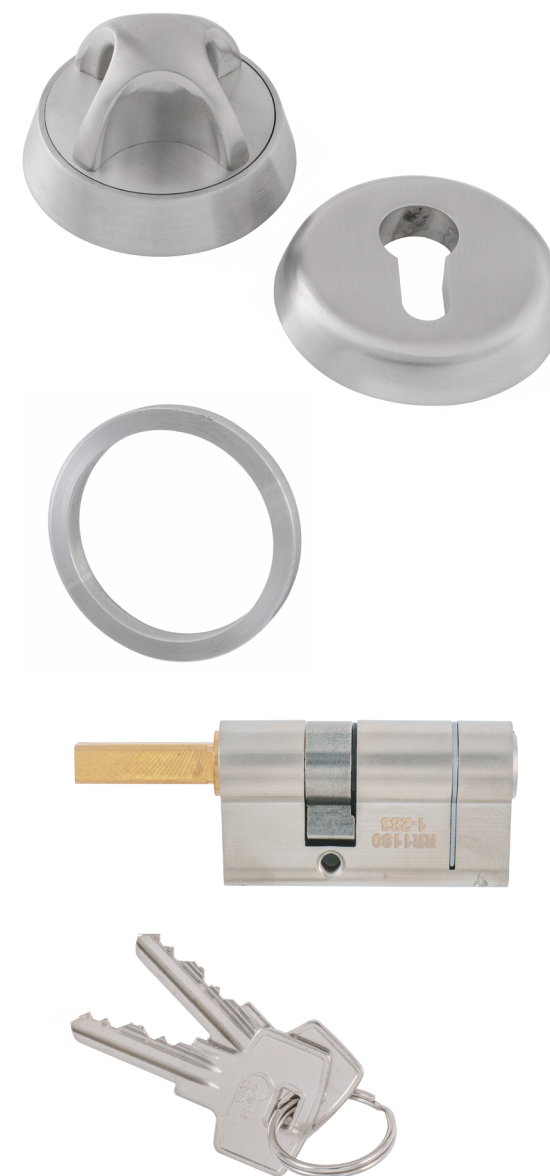

#### UK Patent No GB 2 623 393

Anti-Barricade Override Cylinder with Key Entry from outside which disables the Turn on the inside, even if the turn is being held tight.

Cylinder can be supplied under -

Open Suite  
Restricted Master Key Suite

Other cylinders for the site can be included

Scan for Demo Videos

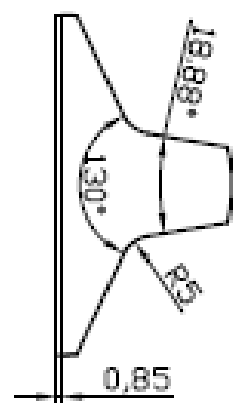

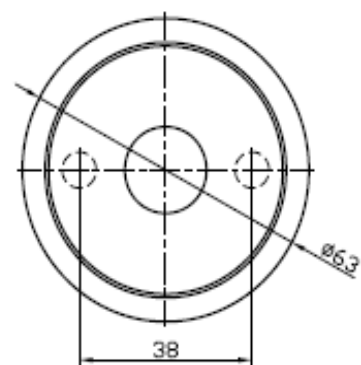

## Components List

### 34807 WC Indicator Set with Clutch release

Solid Stainless Steel Grade 304, with 63mm diameter rose and 38mm centres. 8mm Heso type spindle included. Requires 8mm follower lock. Supplied with torx head bolt through fixings. Easy grip turn with Red/White Indicator Precision Clutch mechanism used with the Emergency Key to override access if the Turn is being held. Emergency Key included.

33807Key - Spare Key if required

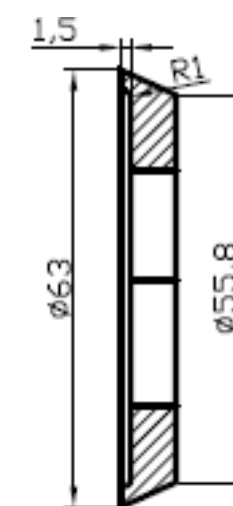

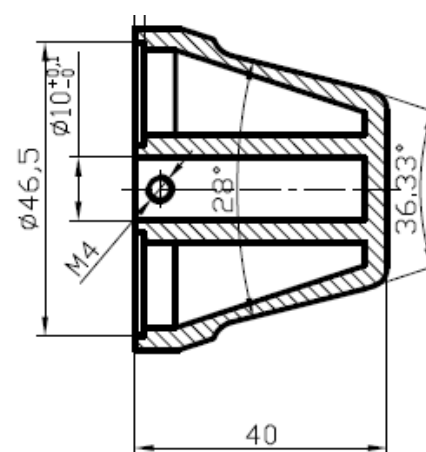

## Components List

### 34810 Euro Cylinder Conversion Kit

Solid Stainless Steel Grade 304, with 63mm diameter rose, 47mm projection and 10mm euro escutcheon. 38mm bolt through centres, supplied with Torx bolt through fixings.

When used with the Eclipse Patented Override Cylinder, allows staff to disengage the turn using the key.

10mm Diameter Hole required for Cylinder Shank, which must be at least 8mm long.

## Components List

- 14999 Eclipse Grade 14 102x76 RadiusThrust Bearing Hinge  
14998 Eclipse Grade 14 102x76 Square Thrust Bearing Hinge

Anti-ligature Tipped 102mm x 76mm x 3mm,  
10mm Radius Corners Hinge. Supplied in Pairs  
complete with 12 x 1.1/2" Security Screws.  
Performance Tested BS EN1935 200,000  
Cycles to Grade 14. 160kg High Performance,  
Beryllium Thrust bea Bearing.

- 14904 Intumescent Hinge Pad Kit to suit 14999  
14903 Intumescent Hinge Pad Kit to suit 14998

102mm x 31mm Graphite Material  
Supplied as 6 pieces for 3 Hinges  
CE & UKCA Approved

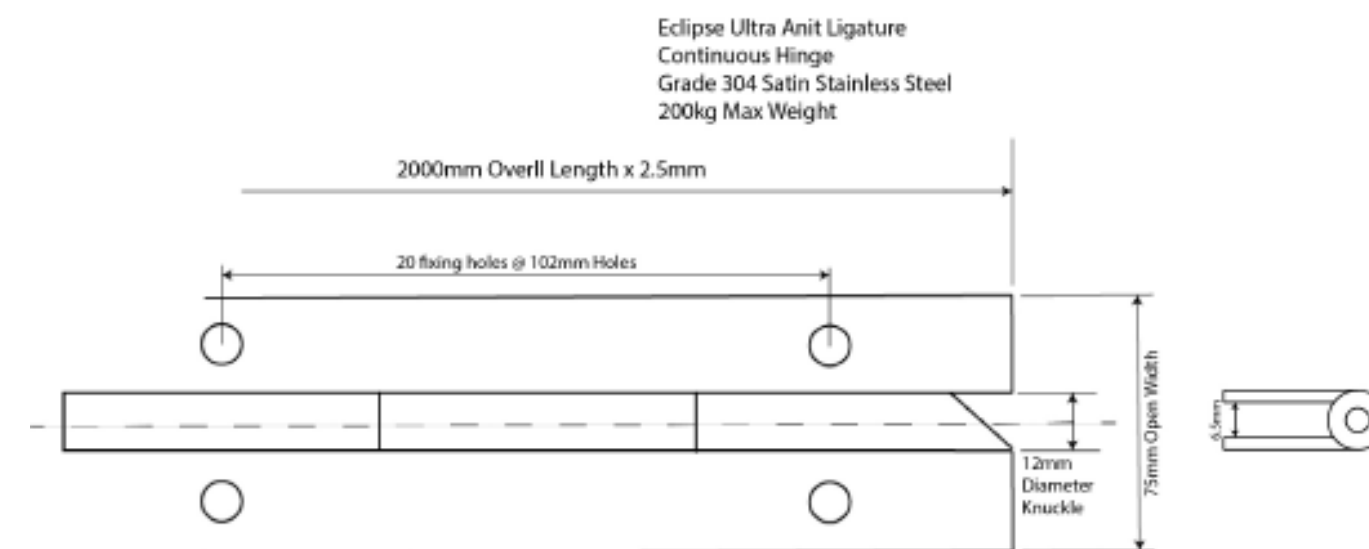

## Components List

- EUCTHINGE Continuous Ball Bearing Hinge

Satin Stainless Steel Grade 304 Continuous  
Ball Bearing Hinge, 75mm x 2000mm x 2.5mm.  
12mm diameter knuckle to suit up to 200kg  
maximum weight.

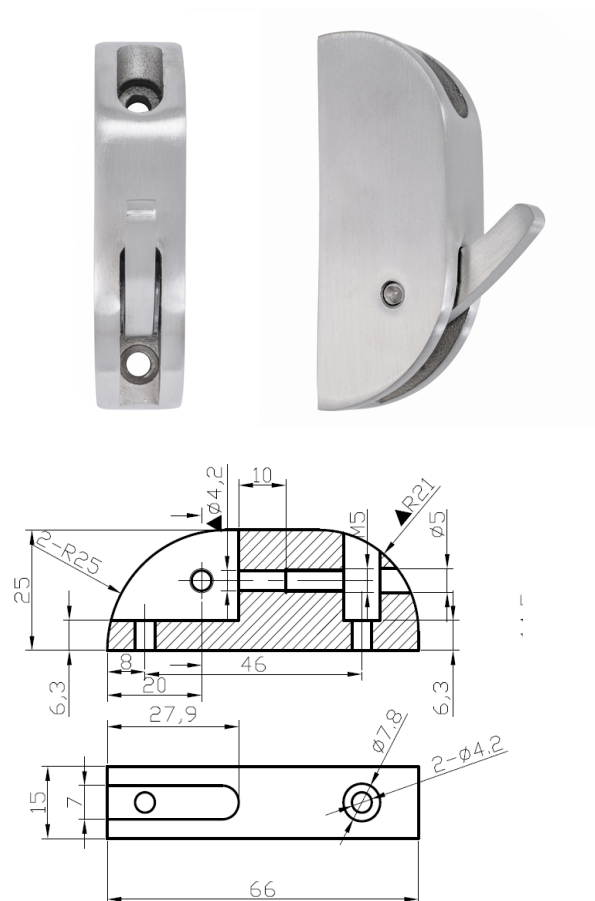

Continuous Intumescent Hinge Pad 2.1m x  
30mm 0.8FF

## Components List

## 34808 Coat Hook

Solid Stainless Steel Grade 304, 66mm x 15mm Coat Hook. With adjustable tension screw designed to fail under load. Supplied with Torx fixings.

## EUFRODV Door Viewer

Anti-Ligature Door Viewer Fire Rated for  
FD30 and FD60, for doors 44mm - 60mm

EU OR KEY (Supplied separately)

## Components List

## 80mm DIN Lock Range & Functions

80mm Backset DIN Lockcases, EN12209. To comply with Fire Regulations, all locks meet UKCA, CE and Certifire standards. Supplied with Radius Strikeplates and Faceplates. Approved Intumescent Kit is included. Each lock is supplied with Torx security fixing

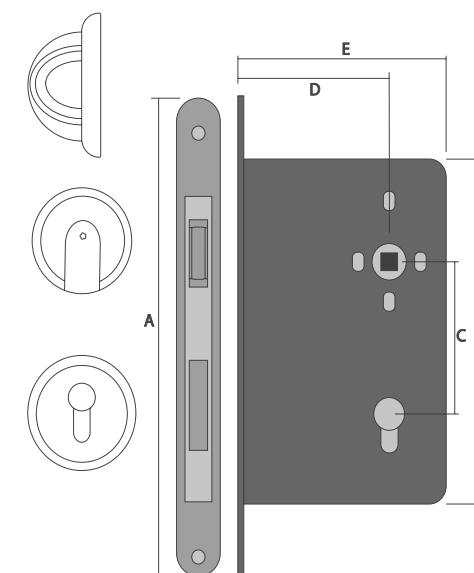

Dimensions:

A = 235mm x 24mm

$$B = 165\text{mm}$$

C = 72mm Euro Profile / 78mm Bathroom

D = 80mm Backset

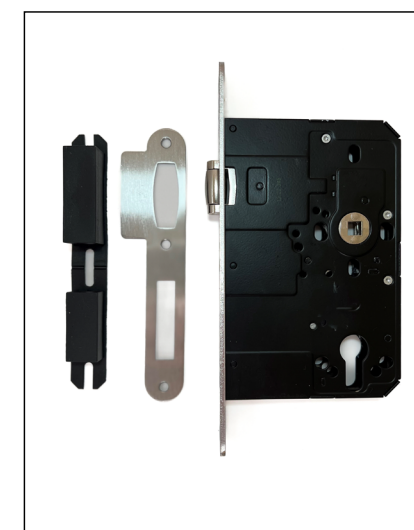

## ANTI-BARRICADE OVERRIDE LOCK

EUg168oAB 80mm Anti-Barricade Radius Lockcase  
A unique override lockcase with independent external  
override function. Available only in doorset AX11.

Europofole, Roller Ball Latch which is adjustable without removing the faceplate.

EN12209, EN179, CE, UKCA, Certifire

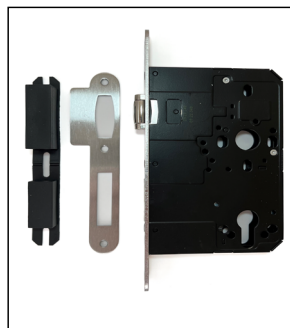

## Components List

### 80mm DIN Lock Range & Functions

EURO PROFILE ROLLER BOLT DEADLOCK  
EU91680SL 80mm Euro Deadlock Radius Lockcase

DIN Euro Deadlock with Roller Bolt Latch and locking  
Deadbolt
