

A6 Auto Locking Door for Medical & Safe Rooms with Primary Override

To suit 35mm/44mm/54mm/60mm doors (confirm size when ordering)

Application

For cupboards and safe rooms. The door is slam locked shut.

The bowling ball turn will operate the latch from the inside. Key entry from the outside using our Eclipse Ultra Patented Override Cylinder which disengages the turn on the inside, if it is being held.

The addition of a pinch grip pull allows the door to be pulled closed. A further pinch grip can be added inside the room if required.
